

Rosetta Stone Online at Home

Your child's school has chosen to use Rosetta Stone Classroom online. Your child can access the program from your home computer. To check that your computer system meets the minimum system requirements, please go to <http://www.rosettastone.com/global/support/system-requirements/b2b> and read the **Learner's Workstation** column.

To begin the program on your home computer open a web browser program like Internet Explorer, Firefox, or Safari and enter the school's Rosetta Stone Classroom portal web address.

http://_____.rosettastoneclassroom.com

Your student's username and password will be provided by the school.

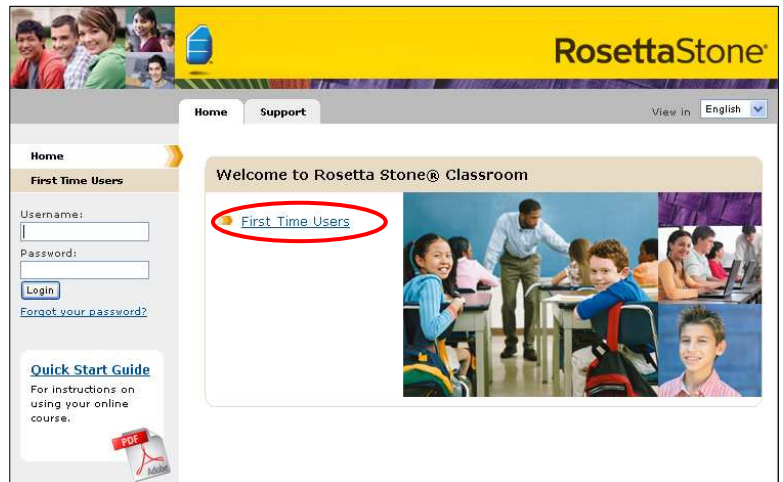

Username: _____ Password: _____

To use Rosetta Stone Classroom online on your home computer you must complete a few simple steps. There are two plug-in programs that must be installed. The plug-ins should be installed by a user with full administrator rights to the computer. Note: *If you have Parental Controls enabled the Rosetta Stone technology will not function on your computer.

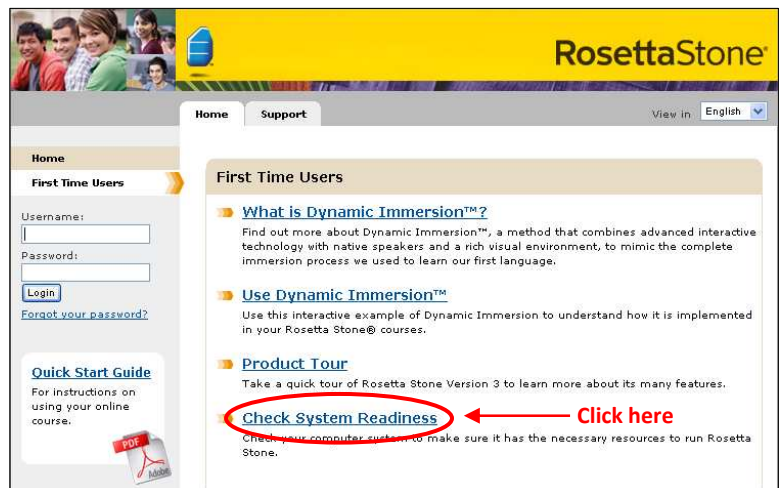

First check your computer system to make sure it has the necessary resources to run Rosetta Stone.

Performing a system check:

- You will need to perform a system check for the required plug-in programs.
- From the log-in page, click the link "First Time Users."

- Then click "Check System Readiness."

Rosetta Stone Online at Home

- A system check window will open and the results of the system check display. There will be 4 green checkmarks on the right if the necessary plug-ins are installed.

Category	Recommended	Detected	
Web Browser	Internet Explorer 6 or higher Firefox 2 or higher Safari 2 or higher	Internet Explorer 8/Windows	✓
Cookies	Enabled	Enabled	✓
Adobe Flash Player	Version 9.0.47 or higher	WIN 10,0,22,87	✓
Speech Component	2.2.1	2.2.1	✓
Bandwidth	Broadband	Not Tested	✓

[Check My System Again](#)

- There are 2 downloads you may need to install. The first is the Rosetta Stone speech component plug-in. The second is Adobe Flash Player. It must be version 9.0.47 or higher.
- Your screen may resemble the example to the right. If the components are not installed, click on the links to download them.
- Once done, click “Check My System Again.” If all necessary components are installed, close the system check window.

Category	Recommended	Detected	
Web Browser	Internet Explorer 6 or higher Firefox 2 or higher Safari 2 or higher	Internet Explorer 8/Windows	✓
Cookies	Enabled	Enabled	✓
Adobe Flash Player	Version 9.0.47 or higher	Not Found	✗
Speech Component	3.2.6	Not Found	✗
Bandwidth	Broadband	Not Tested	✓

Download any needed plug-ins

We recommend that you download and install the latest version of the speech component.

- Click to download the speech installer.
- Download and click the "setup" file you downloaded to install the speech component.
- Follow the prompts to install the speech component.
- Click the "Check My System Again" button once you have installed the speech component.

[Check My System Again](#)

- On the main log in page enter the username and password; click the *Login* button.
